

Set up e-mail on your iPhone or iPad (iOS)

Step 1. Locate your email settings:

- On your iPhone or iPad, open **Settings** (typically on your home screen)
- Tap **Mail, Contacts, Calendars**.

Step 2. Click on **Add Account**, then **Other**, then **Add Mail Account**. Now complete the form and tap **Next** when finished.

Step 3. Update your **INCOMING MAIL SERVER** settings:

- Edit the **Host Name** field to: **imap.sccoast.net**
- Ensure the **User Name** is your *full* **@sccoast.net** email address.
