Locations: See Exhibit A

Description of Planned Network Change(s):

Horry Telephone Cooperative (HTC) intends to retire copper facilities in the locations listed in Exhibit A due to a South Carolina Department of Transportation project in Horry County to widen Glenns Bay Road. HTC has overbuilt copper facilities with fiber-to-the-home facilities in the Exhibit A locations, and all existing customers in those locations have been converted to fiber facilities. The affected copper facilities are not being used to provision services to any customers.

Description of reasonably foreseeable impact(s) of the planned change(s):

After the retirement of copper facilities, copper facilities will no longer be available to serve customers at Exhibit A locations and will not be maintained. All services previously provisioned over copper facilities to existing customers in Exhibit A locations continue over fiber facilities to which all affected customers have migrated.
