

WELCOME TO HTC SMART WI-FI

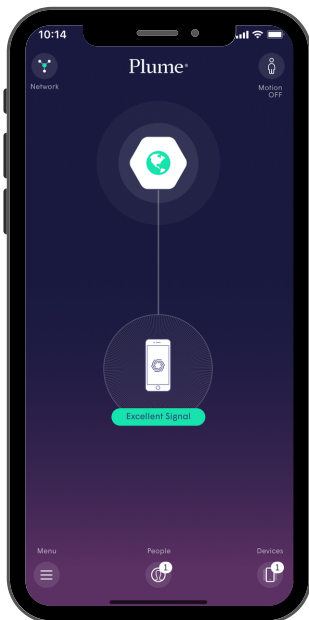

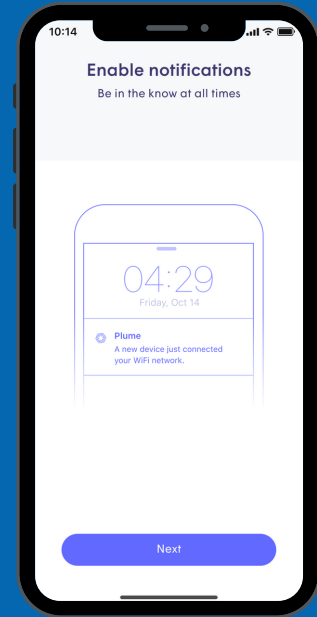

CREATE A HOMEPASS ACCOUNT & SETUP YOUR WI-FI NETWORK

1. After your HTC Smart Wi-Fi Pods have come online and are connected, download the HomePass by Plume app from either the Apple Store or Google Play. Next, launch the HomePass by Plume app.
2. Choose "Sign In".

3. Enter your email address. Your password is provided to you by HTC.

4. Be sure to enable notifications. This will help you be aware of your home network activity.

5. Finally, you'll be taken to the home screen.

Over the next 24 hours, your new Plume Wi-Fi network will optimize to create the best performance for your connected devices.
