• On the 'My Services Overview' page, click on the Internet option.

• Scroll down and click on the Manage Trend Micro Licenses tile.

- **Step 1**: Click either **Get PC** or **Get Mac License Key**. (You can have up to 3 licensed copies of Trend Micro for 3 different PCs or Macs in your home.)
- Step 2: Click either Download PC or Mac Version of Trend Micro on your computer.

MY ACCOUNT > MY SERVICES > TREND MICRO Manage Trend Micro Licenses You can have up to 3 licensed copies of Trend Micro.

- **ProTip**: It is recommended to write down or take note of which device corresponds to each Trend Micro License Key.
- If a License Key is no longer needed, such as a computer no longer working, click the red 'Delete' option on the right. License Keys cannot be reused on another device. A new License Key is required for any new computers.
