

HTC FORCE1 BOX GETTING STARTED

Follow the steps below to get started.

1. Connect your HTC Force1 Box to your TV via the provided HDMI cable. Power your device by connecting the power cord to the device and an outlet.
2. Connect to your home's Wi-Fi network.
3. Allow the device to update firmware and software.
4. If downloading any other apps other than your HTC video service, (Disney+, Prime, etc.):
 - Sign into Google. You do this by entering your Gmail sign in and password when prompted, or in the Google Play store, in the apps section.
 - If you do not want other apps, you can skip these steps.
5. Sit back and enjoy a whole new way of watching TV.
